New Features

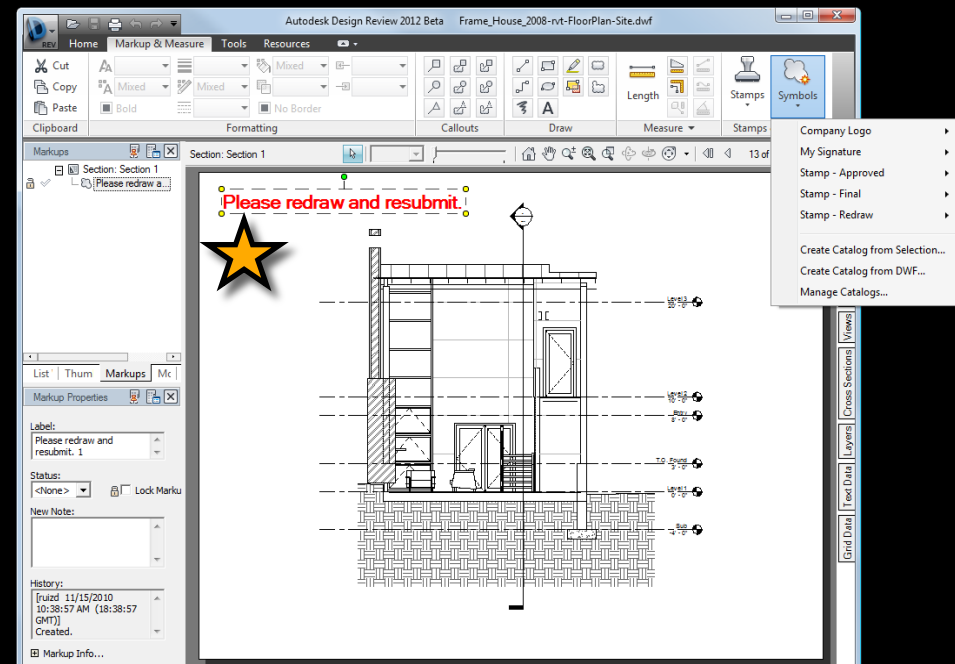

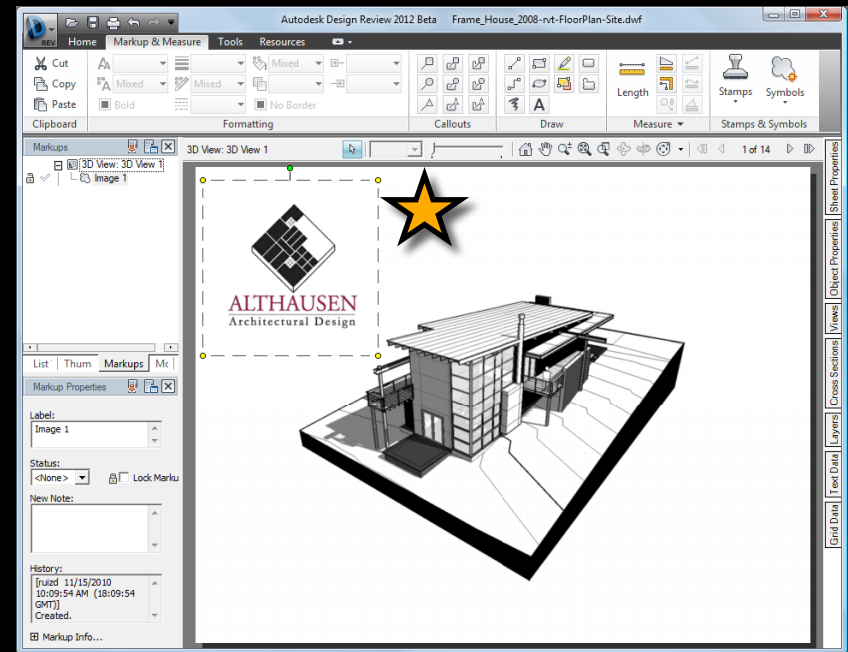

Autodesk Design Review 2012

■ Paste Images onto a 2D Sheet (New)

- Paste images directly onto 2D sheets
- More easily incorporate photos and images into your review process

■ Create Symbols from Markups (New)

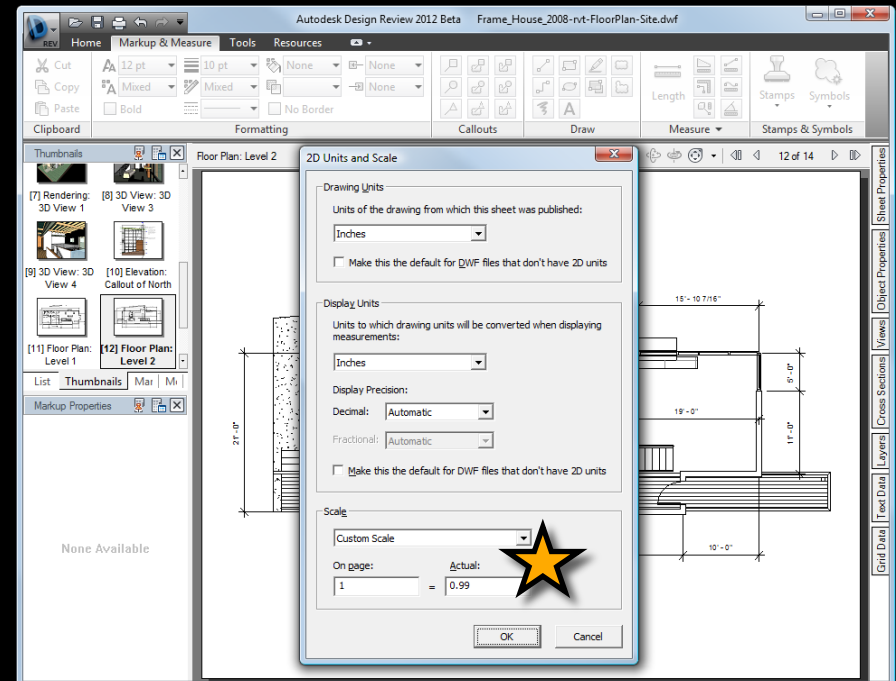

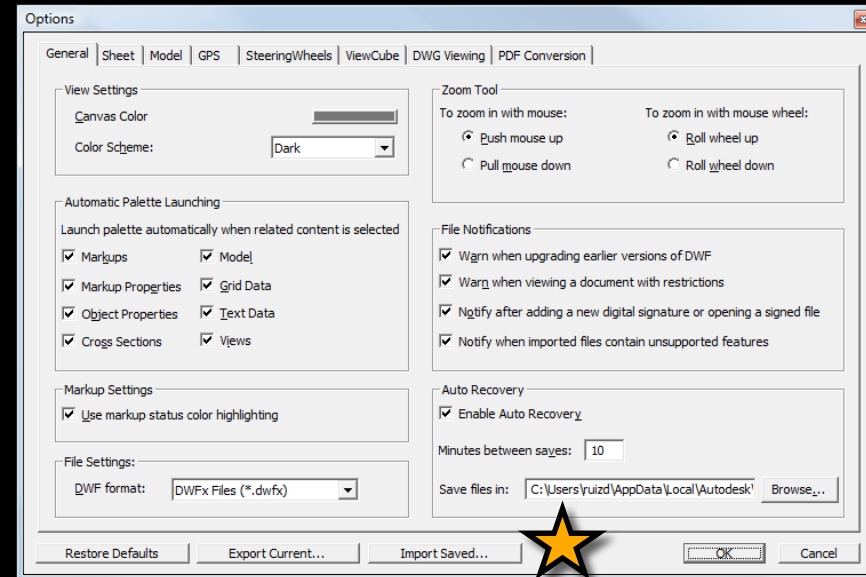

- Turn selected objects, including pasted images, into a new custom symbols catalog
- Make reviews quicker and more standardized by creating custom comments

New Features

Autodesk Design Review 2012

- **Import/Export User Options and Catalogs (New)**
 - Import/export all options in Design Review, including user interface, custom catalogs, and custom workspaces
 - Help train users and reduce problems by assigning entire team consistent features/settings
- **Set Scale for Any Sheet (New)**
 - Change the scale of a drawing to any custom scale
 - Measure all sheets according to scale

New Features

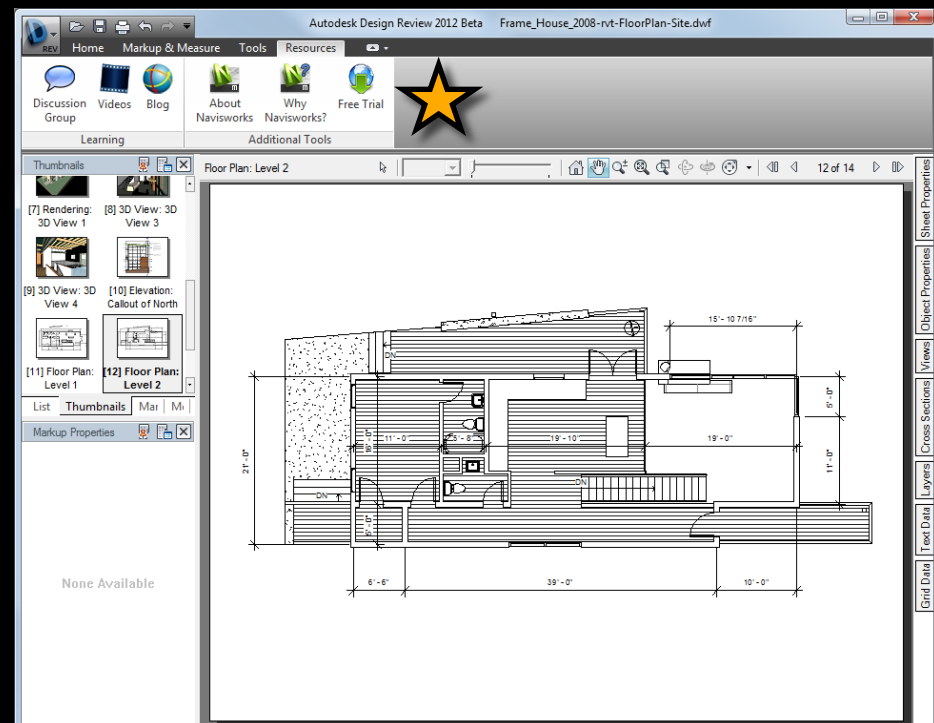

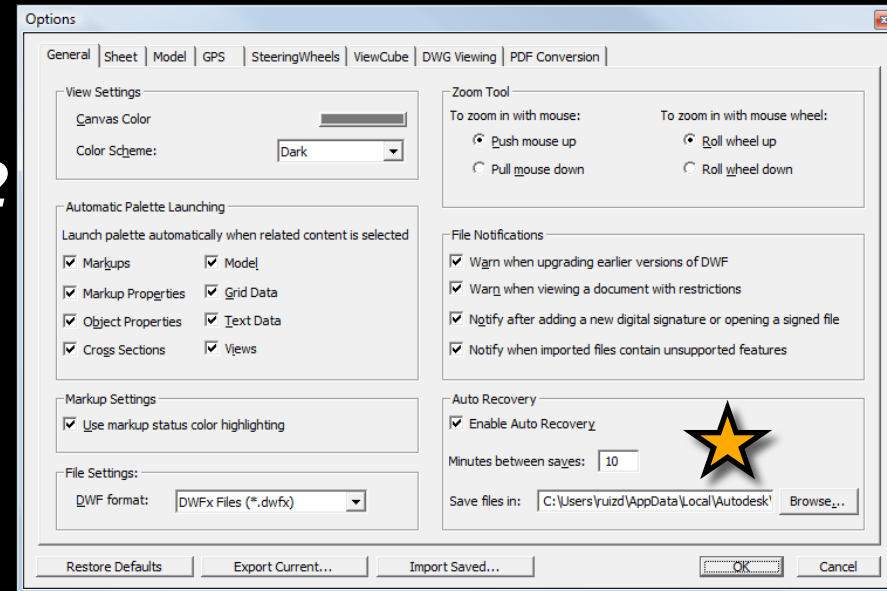

Autodesk Design Review 2012

■ Auto Recovery (New)

- Recover work if Design Review closes unexpectedly
- Help increase your productivity

■ Resources Tab (New)

- Access useful resources such as user forums, blogs, videos, and information about other relevant products
- Connect with the Design Review community and learn about more advanced tools

Enhanced Features

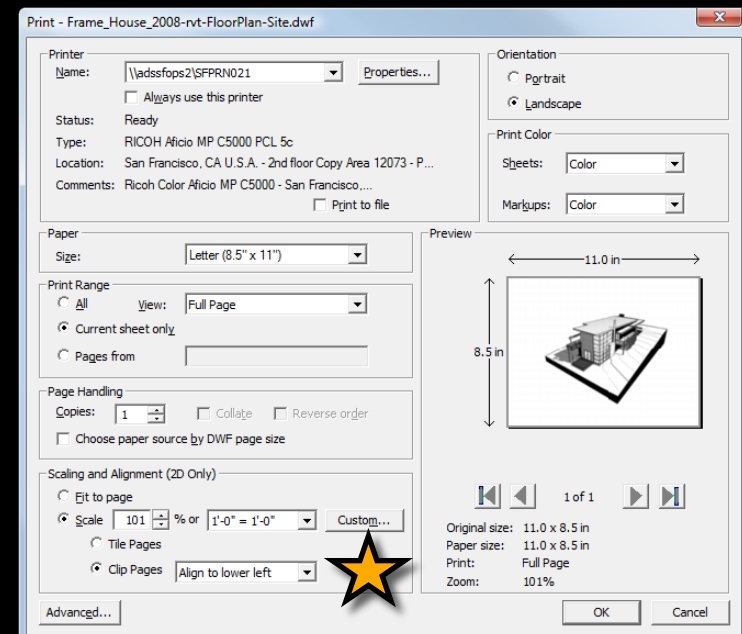

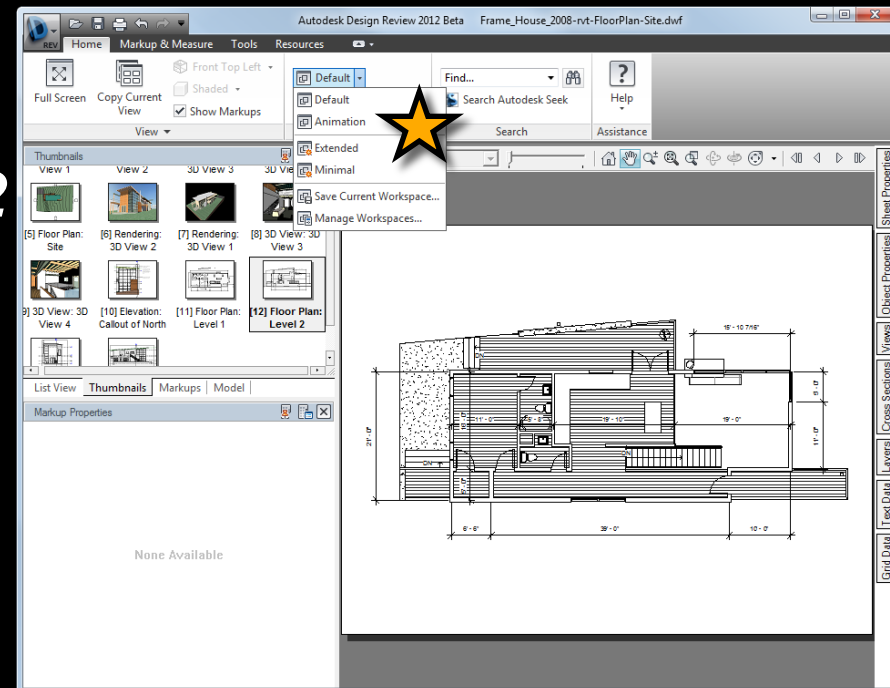

Autodesk Design Review 2012

Workspace Flexibility (Enhanced)

- Custom workspaces now retain settings made in the ribbon, Quick Access toolbar, and other view settings
- Easily customize Design Review to best fit your team's needs

Print Scaling Options (Enhanced)

- Choose real-world scaling values, or enter your own custom scale when printing
- Help make your printed drawings more consistent

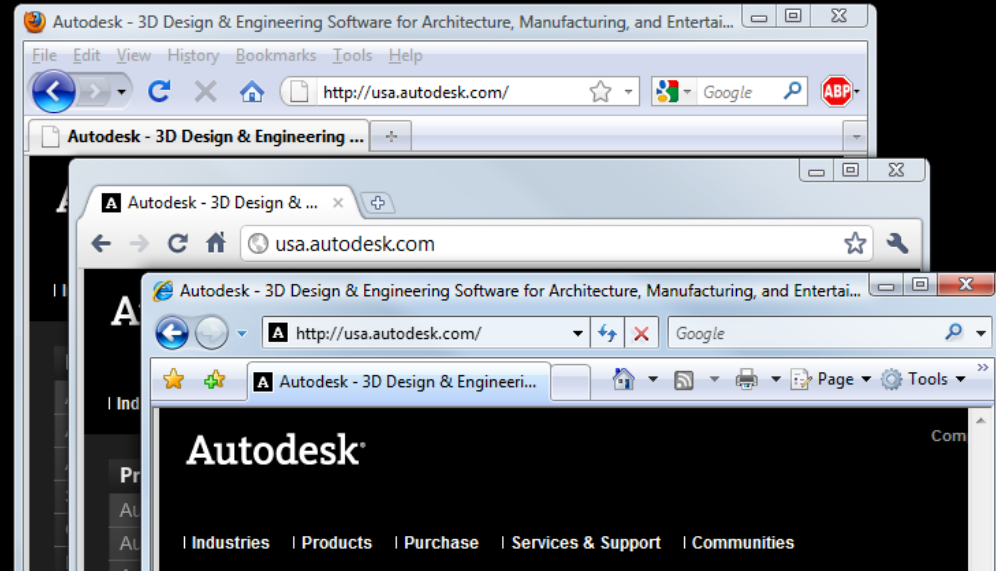

Enhanced Features
